

**DIMENSIONS**

87"l x 24"w x 15"h

**MATERIALS**

1.5" slab of certified renewable cellulose fiber and resin, Stainless steel pan

**DESCRIPTION**

Designed to be a sculptural form of intersecting angular planes, the SKEW-001 draws inspiration from geological rock formations and also suggests movement. The piece can be used as a bench or low table, indoors or out, and is even durable enough to be used in public spaces. Manufactured by MPS as part of the Plateau line.
